If you do not complete the formalities or comply with the deadlines for the submission of documents, we may ask you for damages proportionate to the resulting damage to us.

3-2 - LEGAL CLAUSES

The mention "all causes" exclusively concerns the Cancellation guarantee.

Like any insurance contract, this one includes reciprocal rights and obligations. It is governed by the French Insurance Code. These rights and obligations are explained in the following pages. This contract is a group damage insurance contract subscribed by the **Travel agency** with Mutuaide and for which subscription is optional.

WAIVER ANNEX TO ARTICLE A. 112-1

Information document for exercise of the right of renunciation provided for in article L. 112-10 of the **Insurance Code**.

You are invited to verify that you are not already the beneficiary of a guarantee covering one of the risks guaranteed by the new contract. If this is the case, you have the right to withdraw from this contract for a period of thirty calendar days after it has been established, without costs or penalties, if all of the following conditions are met:

- you have subscribed this contract for non-professional purposes;
- this contract is in addition to the purchase of a good or service sold by a supplier;
- you justify that you are already covered for one of the risks guaranteed by this new contract;
- the contract you wish to renounce is not fully executed;
- you have not declared any loss guaranteed by this contract.

Additional information:

The letter of renunciation, a model of which is provided for you below to exercise this right, must be sent by letter or any other durable medium to Xplorassur – 8-10 rue du pont de Tounis - 31000 Toulouse :

"I, the undersigned Mr./Mrs... residing at... renounce my contract no.... subscribed with Mutuaide in accordance with article L 112-10 of the Insurance Code. I certify that, as of the date that this letter is sent, I am not aware of any claim involving a guarantee under the contract.

Consequences of renunciation:

Exercise of the right of renunciation within the period stated in the box above results in termination of the contract from the date of receipt of the letter or any other durable medium. Once you become aware of a claim involving a contractual guarantee, you can no longer exercise this right of renunciation.

In the event of renunciation, you are only required to pay the premium or contribution share corresponding to the period during which the risk was covered, which is then calculated until the date of termination.

However, the entire premium or contribution remains due to the insurance company if you exercise your right of renunciation and a claim involving the contractual guarantee, of which you were not aware, has arisen during the renunciation period.

WHAT IS THE GEOGRAPHICAL COVERAGE OF THE CONTRACT?

The guarantees and/or services subscribed under this contract apply worldwide.

WHAT IS THE DURATION OF THE GUARANTEES?

The period of validity corresponds to the duration of the services sold by **the travel agency**.

Under no circumstances may the duration of the guarantee exceed 120 days from the day of departure for the trip.

The "CANCELLATION, MISSED DEPARTURE and IMPOSSIBLE DEPARTURE" guarantees take effect on the date of subscription to this contract and expire on the day of departure for the trip (outbound). The other guarantees take effect on the day of expected departure and expire on the day of expected return.

HOW IS YOUR COMPENSATION CALCULATED?

If the compensation cannot be determined by mutual agreement, it is assessed by means of an amicable assessment, subject to our respective rights.

Each of us chooses our expert. If these experts do not agree among themselves, they call upon a third expert and all three work together and decide by a majority of votes.

If one of us fails to designate an expert or if the two experts fail to agree on the choice of a third, the designation is made by the Presiding Judge at the Tribunal de Grande Instance in **France**, ruling in summary proceedings. Each co-contracting party takes responsibility for the costs and fees of its expert and, if applicable, half of those of the third.

WHEN WILL YOU BE COMPENSATED?

Payment is made within fifteen days of the agreement between us or following notification of the enforceable court decision.

DECLARATION OF YOUR OTHER INSURANCE

If the guarantees provided for in your contract are (or come to be) insured in whole or in part with another Insurer, you must inform us immediately and indicate the sums insured.

In the event of a claim, you can obtain compensation for your losses from the **Insurer** of your choice, because these Insurance policies apply within the limits of their guarantees.

Attention: If several insurance policies against the same risk are subscribed fraudulently or deceitfully, the contracts may be declared void and damages may be requested (Article L 121-3 of the **Insurance Code**, 1st paragraph).

WHAT ARE THE APPLICABLE SANCTIONS IN THE EVENT OF A FALSE DECLARATION ON YOUR PART AT THE TIME OF A CLAIM?

Any fraud, reluctance or intentional false declaration on your part regarding the circumstances or consequences of a **claim** will result in the loss of any right to benefit or compensation for this **claim**.

PROTECTION OF PERSONAL DATA

The subscriber recognizes being informed that the Insurer processes his personal data in accordance with regulations in effect on the protection of personal data and that, furthermore: the answers to the questions asked are mandatory and that in the event of false declarations or omissions, the consequences for him may be invalidity of the enrolment in the contract (article L 113-8 of the Insurance Code) or the reduction of indemnities (article L 113-9 of the Insurance Code),

- The processing of personal data is necessary for enrolment and execution of its contract and its guarantees, for the management of commercial and contractual relationships, and for the execution of legal, regulatory or administrative provisions in effect.
- The data collected and processed is kept for the period necessary for execution of the contract or the legal obligation. This data is then archived in accordance with the durations specified by the provisions relative to time limits.

- In its capacity as a financial organization, the Insurer is subject to the legal obligations resulting mainly from the Monetary and Financial Code with regard to money laundering and against the financing of terrorism and, as such, it monitors contracts, which may result in the drafting of a declaration of suspicion or a measure of freezing of assets.

The data and documents concerning **the subscriber** are kept for a period of five (5) years from the end of the contract or termination of the relationship.

- His personal information will also be able to be used within the framework of processing to fight against insurance fraud, which may lead, if applicable, to placement on a list of persons presenting a risk of fraud.

This registration may have the effect of extending examination of his case, or even the reduction or refusal of the benefit of a right, benefit, contract or service offered.

In this context, personal data concerning him (or concerning persons or parties who are concerned by the contract) may be processed by any authorized persons working within the entities of the Insurer Group in the context of the fight against fraud. This data may also be intended for the authorized personnel of organizations directly concerned by fraud (other insurance organizations or intermediaries, judicial authorities, mediators, arbitrators, court officials, legal officers, third-party organizations authorized by a legal provision and, if applicable, victims of acts of fraud or their representatives).

In the event of a fraud alert, the data is kept for a maximum of six (6) months to qualify the alert and then deleted, unless the alert is relevant. He has the right to provide instructions relative to the fate of his personal data after his death. These instructions, general or specific, concern the storage, removal and communication of his data after his death.

These rights can be exercised with the Insurer's Data Protection Representative:

SUBROGATION

In accordance with the provisions of article L121-12 of the **Insurance Code**, the **insurer** is subrogated in the rights and actions of the **subscriber** against **third parties** responsible for the **damage** up to the amount of the compensation that it has paid out.

In the event that, because of the **subscriber**, subrogation can no longer be undertaken in favour of the **insurer**, the latter will then be released from its obligations towards the **subscriber** to the extent that subrogation could have been undertaken.

RIGHT OF CONSUMERS TO REFUSE TELEPHONE CANVASSING

If you do not wish to be the subject of commercial prospecting by telephone, you can register for free on a list of refusal of telephone canvassing.

However, canvassing by telephone to offer you new offers remains authorized for all professionals with whom you have at least one contract in effect.

These provisions are applicable to any consumer, i.e., any natural person who acts for purposes that are not within the framework of his commercial, industrial, trade or employment activities.

LIMITATION OF ACTIONS RESULTING FROM THE INSURANCE CONTRACT

In application of article L 114-1 of the Insurance Code, any action resulting from this contract is time-barred two years after the event giving rise to it. This period is extended to ten years for death guarantees, with the actions of **the subscriber** being time-barred, at the latest, thirty years after this event.

However, this period does not run:

In the event of reluctance, omission, false or inaccurate statement on the risk incurred, from the day that the Insurer became aware of it; in the event of a claim, from the day that the concerned parties became aware of it, if they prove that they were unaware of it until then. When the action of **the subscriber** against the Insurer is due to the recourse of a third party, this time limit only starts from the day that this third party brought legal action against **the subscriber** or was indemnified by this latter party.

This time limit may be interrupted, in accordance with article L 114-2 of the Insurance Code, by one of the following ordinary causes of interruption:

recognition by the debtor of the right of the party against whom the time limit was reached (article 2240 of the Civil Code);

a lawsuit, even in summary proceedings, until the end of the proceedings. The same applies when it is brought before a court that does not have jurisdiction or when the act of referral to the court is annulled by the effect of a procedural defect (articles 2241 and 2242 of the Civil Code). The interruption is void if the petitioner withdraws his request or allows the procedure to expire, or if his request is definitively rejected (article 2243 of the Civil Code);

a precautionary measure taken in application of the Code of Civil Enforcement Procedures or an act of forced execution (article 2244 of the Civil Code).

It is reminded that:

Notification made to one of the joint debtors regarding legal action or an act of forced execution, or recognition by the debtor of the right of the party against whom the time limit had expired interrupts the time limit against all the others, even against their heirs.

However, notification made to one of the heirs of a joint debtor or the recognition of this heir does not interrupt the time limit with regard to the other joint heirs, even in the event of a mortgage claim, if the obligation is divisible. This notification or recognition only interrupts the time limit with regard to the other co-debtors, for the part owed by this heir.

To interrupt the time limit period for the whole debt, with regard to the other co-debtors, it is necessary to notify all the heirs of the deceased debtor or to recognize of all these heirs (article 2245 of the Civil Code).

Notification made to the principal debtor or his recognition interrupts the time limit against the guarantor (article 2246 of the Civil Code).

The time limit can also be interrupted by:

the appointment of an adjuster following a claim;

sending a registered letter with acknowledgement of receipt (sent by the Insurer to the Subscriber regarding the action for payment of the contribution, and sent by the Insured to the Insurer regarding settlement of the claim).

COMPETENT COURTS - APPLICABLE LAW

Pre-contractual and contractual relations are governed by French law and, mainly, the Insurance Code.

Any legal action relative to this contract shall come under the sole jurisdiction of the French courts. However, if you are domiciled in the Principality of Monaco, the Monegasque courts will have jurisdiction in the event of a dispute between you and us.

SANCTIONS IN CASE OF FALSE DECLARATION

Any intentional false declaration, omission or inaccurate declaration of the risk or of new circumstances which have the consequences of either aggravating the risks or of creating new ones, lead to application of the sanctions below, specified by the Code of insurance. If it is intentional, you risk having your contract declared invalid (article L 113-8 of the Insurance Code). In this case, we keep the contributions you have paid.

In addition, we have the right, as compensation, to demand that you pay all premiums due until the main term date of the contract. You must also reimburse us for compensation paid for claims which have affected your contract.

If it is not intentional (article L 113-9 of the **Insurance Code**) you risk:

- an increase in your premium or termination of your contract when it is observed before any loss.
- a reduction in your compensation, when it is observed after a claim. This reduction corresponds to the difference between the premium paid and that which should have been paid if the declaration had been true.

LANGUAGE USED

The language used within the framework of the contractual and pre-contractual relationship is the French language.

WHAT ARE THE APPLICABLE LIMITS IN CASE OF FORCE MAJEURE?

We cannot be held responsible for failure to perform the assistance services resulting from cases of force majeure or the following events: civil or foreign wars, known political instability, popular movements, riots, acts of terrorism, reprisals, restriction of the free movement of people and goods, strikes, explosions, natural disasters, disintegration of an atomic nucleus, or delays in the performance of services resulting from the same causes.

FIGHT AGAINST MONEY LAUNDERING

The controls that we are legally required to conduct with regard to the fight against money laundering and the financing of terrorism, in particular on cross-border movements of capital, may lead us at any time to ask you for explanations or supporting documents, including on the acquisition of insured goods. In accordance with the Data Protection Act of 6 January 1978 amended by the law of 6 August 2004 and the Monetary and Financial Code, you have the right to access data concerning you by sending a letter to the Commission Nationale de l'Informatique et des Libertés (CNIL).

3-3 - DEFINITIONS

Attack/Acts of terrorism - Attack refers to any act of violence constituting a criminal or illegal attack on persons and/or property in the country where you are staying, the purpose of which is to seriously disrupt public order.

This "attack" will have to be recognized by the French Ministry of Foreign Affairs or the Ministry of the Interior. If several attacks take place on the same day, in the same country, and if the authorities consider it as one and the same coordinated action, this event will be considered as one and the same event.

Assistance to persons - Assistance to persons includes all the services implemented in the event of **illness**, injury or death of the persons covered, during a covered trip.
